Re: Flyover farmers

### Flyover farmers

As gardeners prepare vegetable plots for planting in the aptly named “Urban Oasis” in Ngau Tau Kok, Kowloon, the matrix of traffic-laden flyovers overhead seems a million miles away. There are 350 plots on the site run by the **Christian Family**

**Service Centre**. The agency hopes the elderly, special-needs groups plus ordinary city dwellers in need of a place to relax and some greenery will seize the chance to become city farmers when the oasis opens in March. Photo: Dickson Lee
