## Christian Family Service Centre

## Mission

Founded to manifest the love of God through serving people in need, Christian Family Service Centre strives to support and enhance family functioning, and foster an environment in which growth and change can take place. We believe in social justice, respect for human dignity, and endeavour to contribute to the building of a humane and caring society in Hong Kong.

## Vision

Christian Family Service Centre strives to become a value-driven, passionate and integrated organisation which will be recognised for its excellent performance in Customer Service, Quality Care, Innovation, Solutions to Customers' Problems, Strengthening Families, Making Positive Changes and Building Community Capacity.

## Values

To manifest the love of God, Christian Family Service Centre holds the following corporate values: care, respect, fairness, justice, commitment to people, enabling people to help themselves and searching for excellence in service. In developing services, we hold the following principles: Family First; Professional Service; Excellent Management; and Innovation.

## About Christian Family Service Centre

### **Christian Family Service Centre (CFSC)**

was established in 1954. Over the years, the Agency's work gradually extended and it has now developed into a multi-service agency, providing services throughout the territory. CFSC has 10 core services with 2 categories, (i) "People-centred Service" includes Children and Family Services, Youth and Education Services, Elderly Care Services, Services for People with Disabilities, Mental Health Services; (ii) "Community-oriented Service" includes Active Ageing Services, Opportunities and Inclusion for People with Disabilities, Primary Health Care Services, Community Development Services, Environmental Protection and Green Living.

## Children and Family Services

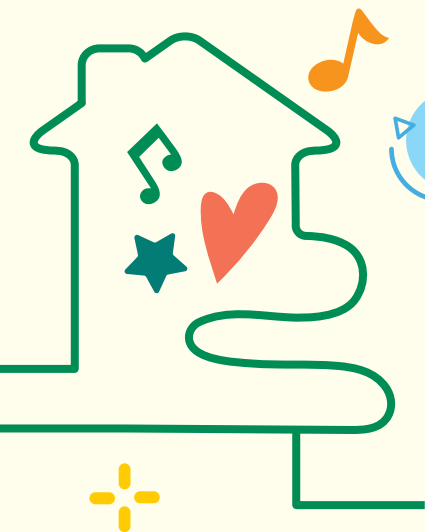

“Happy children, a caring family, be self-reliant” is the ultimate goal we have been striving for. We care about children’s development, helping families maintain harmonious relationships and supporting families affected by domestic violence. We work closely with all walks of life to promote family harmony while caring for the community around us.

### Our Services:

- Assisting personal growth, improving marital relationships, and enhancing communication among family members to strengthen family functioning.
- Protecting and supporting children and families affected by domestic violence, assisting individuals and families in adverse environments to overcome difficulties.
- Promoting the core values of “Love Your Family” and fostering family harmony.

## Youth and Education Services

With our comprehensive services, we strive to help young people realise their dreams and encourage a sense of independence, self-reliance and self-respect. We engage in cross-sector collaborations to explore new opportunities and inspire them to cherish their lives and involve themselves in the community.

### Our Services:

- Creating continuous experiences and practical activities for young people to explore and unleash their unique talents and potential.
- Providing comprehensive and diverse services, inviting cross-sectoral collaborations to create development opportunities for young people. We encourage them to embrace life, care for others, and actively participate in the community.
- Through quality early childhood education, we create a joyful learning environment for children and support parents in nurturing their holistic growth and development.

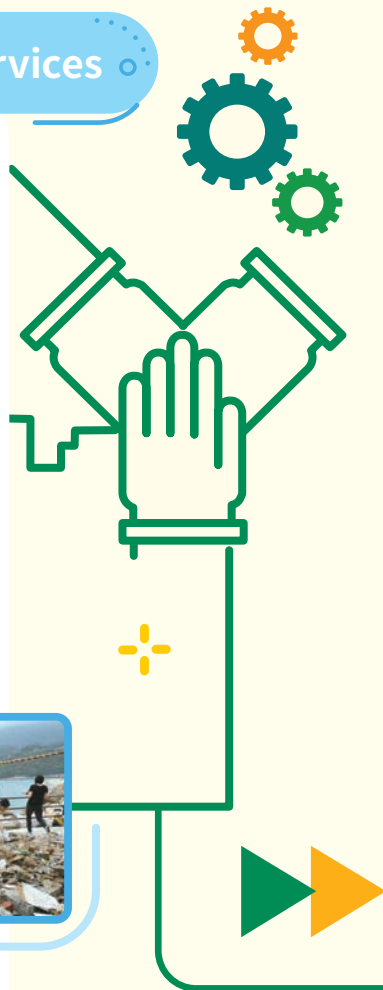

# Community Development Services

We are committed to focusing on the needs of vulnerable groups and improving the lives of underprivileged families with our community services. We also encourage them to connect with the community and establish mutual support and care in society.

## Our Services:

- Through diverse community services, we aim to establish a network of neighbourhoods with mutual support for underprivileged families and enhance their community engagement.
- We aim to nurture residents' sense of belonging towards their communities, encourage them to participate in community issues and solve local problems together to improve the quality of living.
- We actively explore resources and develop new service initiatives to comprehensively support the needs of underprivileged families and fill the service gaps.

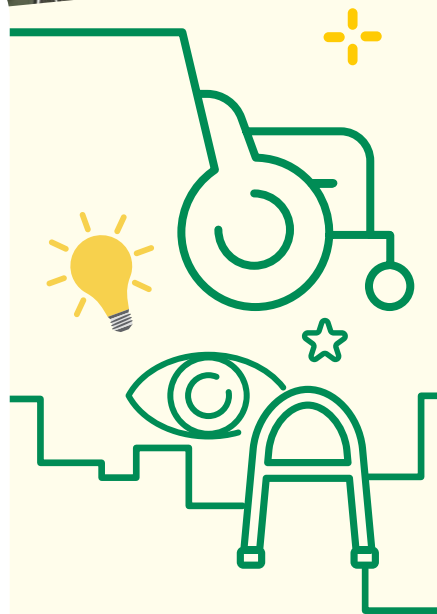

## Services for People with Disabilities

Our interdisciplinary team upholds the core values of “caring” and continues to provide holistic human-centred support and care services for people with disabilities, including intellectual and physical disabilities, and their carers. We are committed to actively responding to the diverse rehabilitation needs of our service users and supporting their carers through interdisciplinary and district-based collaborations.

### Our Services:

- Supporting persons with disabilities enjoy a life of dignity and autonomy, and enhancing their quality of life.
- We strive to build a caring community, create an inclusive society, and work towards strengthening the carer support networks.
- We collaborate with community members and organisations to build a support network. We proactively care for the needs of persons with intellectual disabilities and their carers, promoting a culture of care and support.

## Opportunities and Inclusion for People with Disabilities

Opportunities and Inclusion for People with Disabilities adopt various means of vocational training, employment support, and personal development programmes to equip and support people with disabilities for open employment and social participation. By showcasing their strengths and capabilities, we promote interaction and aim to build an inclusive community.

### Our Services:

- We advocate that regardless of abilities, everyone can contribute to society, promote equality and respect in all aspects of life, and work towards building an inclusive community.
- We provide various types of vocational training and employment support for persons with disabilities to open up new employment opportunities.
- We recognise the individual abilities of persons with disabilities and encourage their active engagement, developing an inclusive community.

## Mental Health Services

Our Mental Health Services continue to adopt a “strengths-based” approach and provide various pioneering and professional services for people of different age groups in the community, focusing on building a mental health-friendly society in collaboration with our community stakeholders. A range of innovative pilot programmes is also being delivered to promote the physical and mental well-being of members of the public and empower them to live fulfilling and meaningful lives.

### Our Services:

- We leverage individual strengths, harness the power of families, and utilise community resources to support individuals experiencing emotional distress in their recovery journey.
- We collaborate with cross-professional sectors to assist patients in building a positive and healthy living.
- We promote mental health education in the community to improve public awareness and build a mental health-friendly society.
- We encourage schools to establish a caring campus culture that promotes mutual support, helping students cultivate positive thinking in life.

## Elderly Care Services

We continue to fulfill the physical and mental needs of the elderly and their carers in an all-round way with high-quality services, thereby reconnecting them with the community, while empowering families and communities to meet the challenges of an ageing population.

### Our Services:

- We provide high-quality and professional care for the elderly with mild to severe physical disabilities. In addition, we offer support services for caregivers to ensure their well-being and provide them with the necessary assistance.
- We provide a range of services for the elderly, including home and community care, day care centers, and residential care. These services encompass daily care, professional nursing, counseling, and social recreational activities, allowing the elderly to live with dignity and autonomy in the community.
- We provide appropriate training and support to help the elderly with dementia and their caregivers while promoting the idea of building a dementia-friendly community.

## Active Ageing Services

Life after 50 is not a destination, but the second journey of life. We set out to explore life's endless possibilities with people in their 50s and work with different parts of the community to build a flourishing life in the Third Age.

### Our Services:

- We aim to create a flourishing life for individuals aged 50 and above, providing them with opportunities to contribute their skills and expertise.
- We are dedicated to promoting digital inclusion for the elderly and equipping them with ICT skills in order to enhance their social connections and quality of life.
- We aim to further enhance collaboration between medical and social sectors, to improve the physical and mental well-being of the elderly.
- Promoting the spirit of care and respect for elder persons, and contributing to the building of an age-friendly community.

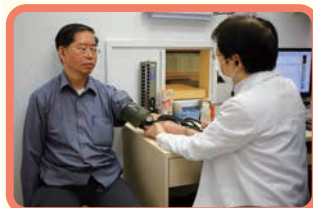

# Primary Health Care Services

By advocating healthy lifestyles, we encourage everyone to be the master of their own health, as well as bring the community together to promote whole-person wellness and build a healthier Hong Kong.

## Our Services:

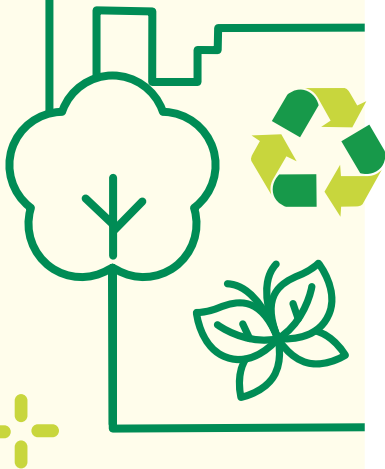

- We provide one-stop multi-disciplinary primary care services to give the public access to convenient and quality medical care in disease prevention, treatment and disease management.
- We encourage citizens to adopt healthy lifestyles and manage their health.
- We collaborate with different stakeholders to jointly build a healthy city.

## Environmental Protection and Green Living

Natural resources and the ecological environment must be protected to save our precious Earth. We encourage the public to reduce pollution and waste, while working closely with different social groups and sectors to build a sustainable future.

### Our Services:

- We provide recycling and waste reduction services to the community, aiming to reduce municipal solid waste.
- We strive to promote environmental education in a more practical manner, raising public awareness and encouraging behavioural changes in our daily lives.
- We are committed to making Hong Kong a more liveable city through developing urban agriculture and horticultural therapy programmes within our communities.

Our headquarters building in Kwun Tong is conveniently located and has comprehensive transportation connections. We offer a variety of venues and facilities, including an auditorium, lecture halls, and multi-function rooms. It is ideal for holding ceremonies, seminars, workshops, and performances.

### One-stop Catering Services

Adjoined to the auditorium, our spacious and open lobby is on the 1/F of our headquarters building. Depending on your needs, it can be combined with the auditorium or rented separately. With our comprehensive catering services, it is an ideal venue for hosting cocktail receptions and exhibitions.
